Founder's Message

Let us strive to give a feeling of complete trust and reliability to our customers.

To win their confidence.

To help them achieve their goals, objectives and targets.

To assist them grow and reach new milestones.

To do this, we have to understand their needs, meet their demands and fulfill their requirements.

We have to prove our worth every single day.

We must know their objectives, policies and principles.

We must be flexible and fast to advance with them.

Absorb new technologies where required. Improve our products, processes and systems as expected. We have to learn to think the way they do. We have to breathe and dream with them. These are the principles we must never forget.

This may not be easy. Often difficult. Sometimes impossible. But to make the impossible possible, to make dreams come true, we need to constantly surpass ourselves.

Remember, "Customer is God".

How can we let our God down?

We are firm in our faith that our development is an integral part of their development.

In that spirit, let us move forward."

About Us

Jairaj Ancillaries Pvt Ltd [Since 1985] - India's largest plastic bellow manufacturer and a recognized leader in polymer innovation. Since our inception in 1985, we have been at the forefront of the manufacturing industry, dedicated to excellence and innovation in every product we create. Our journey of over four decades is a testament to our commitment to quality, innovation, and customer satisfaction.

As manufacturers and exporters of Plastic Injection & Blow Moulded Products, we specialize in a wide range of components. Our expertise includes creating all types of Plastic Injection Moulding and Blow Moulding Components for various sectors such as Automobiles, Shock Absorbers, 2-Wheelers, 4-wheelers, Commercial Vehicles, Auto Components, and Assemblies for Automobiles. We also cater to the Electrical, Engineering & Bio-med sectors, showcasing our versatility in polymer technology.

Our portfolio of over 3000+ Plastic Injection & Blow Moulded products, Sheet Metal & Machining products, and assemblies is a reflection of our expertise in polymers and our commitment to innovation. These products serve a diverse range of industries, and are designed to meet the highest standards of quality and performance. Each product is a result of our relentless pursuit of perfection, combining cutting-edge technology with our deep understanding of polymers.

Behind every successful product is our team of 600+ professionals. They are the heartbeat of our operations, infusing every project with their passion and precision. Our state-of-the-art manufacturing facilities, spread across India's industrial landscapes, are their stages where technology and talent perform in harmony to produce excellence.

Sustainability and responsible manufacturing are the compasses that guide our journey. We're not just committed to crafting the best products; we're dedicated to doing it in the most environmentally friendly way possible. Our commitment to the planet is as strong as our commitment to our clients, ensuring that our solutions are not just effective but also responsible.

As we continue to grow and evolve, our focus remains on delivering the highest quality products and services. We are constantly exploring new technologies, materials, and methods to ensure that we stay at the forefront of the industry. Our commitment to innovation, quality, and customer satisfaction is unwavering, and we look forward to continuing to serve our clients with the best polymer solutions in the market.

Our Team

Our Ethics

600+

Committed
Workforce

Vision

To embrace a propensity for satisfying the needs and expectations of our customers by supplying on-time, high quality products and services, with competitive pricing and long term consistent value.

Mission

Be a strong global player and a leading Indian organisation for manufacturing of Plastic Injection and Blow Moulded Products for Automotive, Electrical, Appliances and other various applications, by collaboratively engaging with all our customers.

CITIDRIVE

Customer Focus

Pay 100% attention, every moment.

Integrity

Honesty 100% at every step.

Time

Timely completion of assignments
100% every day.

Improvements

Continous Automation.

Development

New businesses, New Customers, New components. — Regularly

Reduction

Expenses and Wastage

Innovation

Transform, excel and lead.

Value

Add Value in every process.

Exceed

Going beyond, achieving more.

Core Values

Discovery

Ignite the path to breakthroughs, merging curiosity with knowledge to unlock new realms of possibilities and advancements.

Innovation

Innovation propels us forward, transforming challenges into opportunities and setting new benchmarks for quality, efficiency, and sustainability.

Impact

Impact defines our purpose, striving to significantly enhance and enrich lives, communities, and industries with every endeavor we undertake.

Teamwork

Teamwork is our strength, uniting diverse talents and perspectives in a collaborative pursuit of excellence and shared success.

Sustainability

Sustainability sits at the heart of our core values, embodying eco-conscious practices and responsible resource management for a healthier, greener future

IS BUSINESS

Timeline

2023 Established third, fully equipped R&D Center at Sector 59, Faridabad.

2022 Second facility established in Aurangabad.

2020 Established New Plant at Sector 59, Faridabad, Haryana.

2019 Established plant at Sanand, Gujarat.

2018 New Plant at IMT Manesar, Gurugram. Two JaiRaj plants (Faridabad & Manesar) attained Green Rating from Maruti Suzuki Pvt Ltd..

2016 Won National State Award in energy efficiency (SME Sector). New plant at Aurangabad, Maharashtra.

2014 Won Haryana State Award in Energy Efficiency (SME Sector)

2012 Lean manufacturing program.

2011 Acquired Unique Moulding Pvt Ltd. Faridabad

2007 New plant at Rudrapur, Uttarakhand.

2000 Joined factory improvement plan at ILO.

1985 First plant at Faridabad, Haryana.

Awards

EXPERTS IN

Plastic Polymers

We celebrate the numerous accolades and recognitions that JaiRaj Group has garnered over the years. These awards are a testament to our enduring commitment to excellence, innovation, and customer satisfaction. They reflect the high standards we set and consistently achieve in every aspect of our operations, from product development to customer service.

These awards are not merely symbols of past achievements; they are motivators that propel us towards future aspirations. They represent the trust our customers place in us, the hard work of our team, and our relentless pursuit of excellence. From quality excellence awards to innovation trophies and sustainability recognitions, each accolade reinforces our position as industry leaders and innovators.

We are deeply honored by each recognition, viewing them as milestones in our ongoing journey of growth and improvement. They fuel our passion and commitment to continue delivering products and services that not only meet but exceed the evolving needs of our customers and the industry. As we look to the future, we are inspired by these achievements to set even higher standards for ourselves, ensuring that the JaiRaj Group remains synonymous with excellence and innovation for many years to come.

- **Best Supplier Award** from Munjal Showa Ltd. for "Moulded Components".
- **Best Vendor Award** from Endurance Group for "Timely Supply & Development".
- **Star Performer Trophy & Award** from Endurance Group for "Quality, Supplies & New Developments".
- **High Performance Rating** from Dun & Bradstreet.
- **National Award '17** from Confederation of Indian Industry for "Energy Conservation".
- **Zero PPM Award** from Gabriel VSME Annual Review
- **Delivery Performance Award** from Gabriel VSME Annual Review.
- **Fastest & Timely Award** from Gabriel - VSME Annual Review
- **Top 10 Plastic Moulded Product Manufacturers** recognised by Industry outlook magazine.

JaiRaj Group:

FRONT-RUNNER IN SUSTAINABLE MOULDING IN INDIA

Excellence is not a goal; it is a habit. It is a continuous process of improvement. It is the relentless pursuit of excellence, innovation, and customer satisfaction. It is the high standards we set and consistently achieve in every aspect of our operations, from product development to customer service. It is the trust our customers place in us, the hard work of our team, and our relentless pursuit of excellence. From quality excellence awards to innovation trophies and sustainability recognitions, each accolade reinforces our position as industry leaders and innovators. We are deeply honored by each recognition, viewing them as milestones in our ongoing journey of growth and improvement. They fuel our passion and commitment to continue delivering products and services that not only meet but exceed the evolving needs of our customers and the industry. As we look to the future, we are inspired by these achievements to set even higher standards for ourselves, ensuring that the JaiRaj Group remains synonymous with excellence and innovation for many years to come.

The Journey and Geographic Presence
JaiRaj Group was established in 1985. It started as a small unit with a capital of ₹10,00,000 and a working capital of ₹5,00,000. In its growing years of 30 years, JaiRaj has been very successful, gaining momentum to export its products. The company has followed a step-by-step growing pattern which has led to increasing customer retention and subsequently strengthening its position in the market. We kept learning from previous mistakes and focused on improving in the future.

Customers are the ultimate reflection of the company's success. JaiRaj Group is known for its customer-centric approach. They have set up customer dedicated stores in (Bharatpur) (Udaipur) in 1985, (Jaipur) (Mumbai) (Delhi) in 1986, (Ahmedabad) (Chennai) (Bangalore) in 2018. It proves that JaiRaj is not only focused on meeting the customer requirements but is also determined to grow and work with its customers.

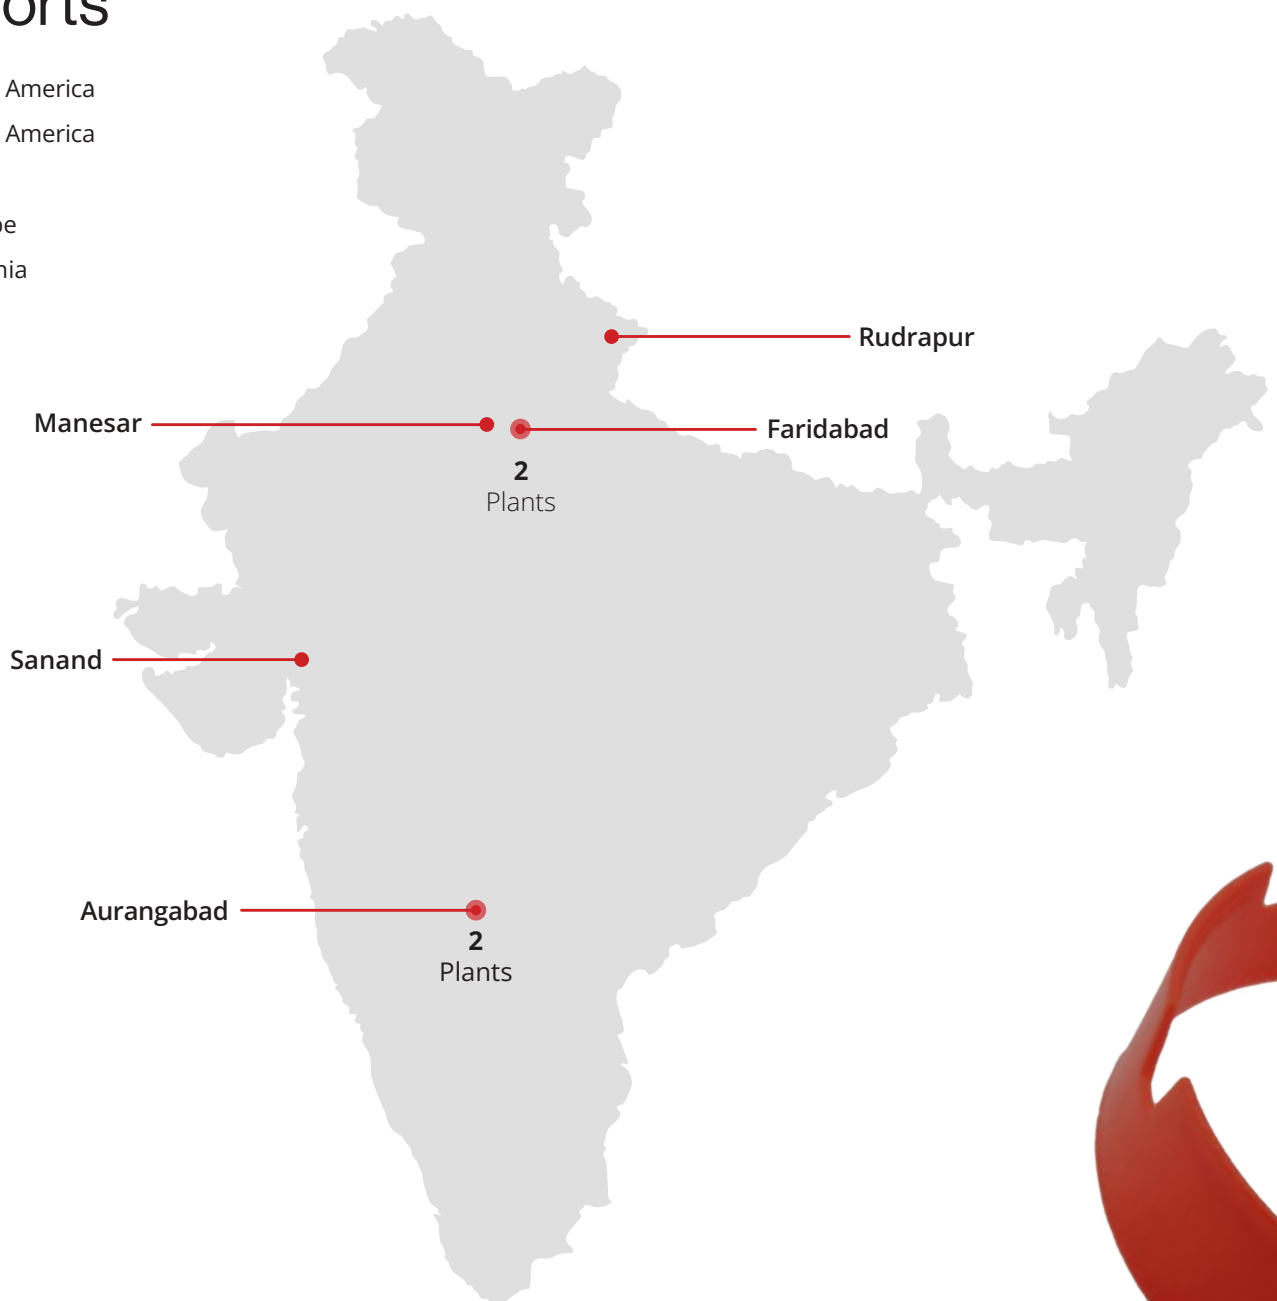

Customer Satisfaction at the Core
JaiRaj Group is known for its customer-centric approach. They have set up customer dedicated stores in (Bharatpur) (Udaipur) in 1985, (Jaipur) (Mumbai) (Delhi) in 1986, (Ahmedabad) (Chennai) (Bangalore) in 2018. It proves that JaiRaj is not only focused on meeting the customer requirements but is also determined to grow and work with its customers.

Future Roadmap
JaiRaj Group is known for its customer-centric approach. They have set up customer dedicated stores in (Bharatpur) (Udaipur) in 1985, (Jaipur) (Mumbai) (Delhi) in 1986, (Ahmedabad) (Chennai) (Bangalore) in 2018. It proves that JaiRaj is not only focused on meeting the customer requirements but is also determined to grow and work with its customers.

At JaiRaj Group, we excel in creating a diverse array of plastic products, encompassing Injection Moulded and Blow Moulded items, along with Metal Sheet Components and Engineering Components. Our expertise is not confined to a single industry; instead, we cater to a broad spectrum, including Automotive, Electrical, and Appliances.

Each product is crafted with precision and care, ensuring they meet the highest standards of quality and functionality. Our range is designed to suit the specific needs of these varied industries, reflecting our commitment to versatility and excellence. By combining advanced technology with our deep industry knowledge, we create products that are not only innovative but also reliable and efficient, making us a trusted partner across multiple sectors

Design & Development

JaiRaj stands at the forefront of assisting Original Equipment Manufacturers (OEMs) in optimizing their costs without sacrificing product quality. The company's strength lies in its specialized Design and Engineering support, which plays a crucial role in streamlining manufacturing processes and enhancing product features. Integral to JaiRaj's approach are Value Addition and Value Engineering (VAVE) projects, where the team collaborates intimately with clients to implement strategic changes in design and production techniques. This method promotes efficient use of resources and cultivates an environment of ongoing development and ingenuity, enabling OEMs to adapt and thrive in a constantly changing market.
